Simon & Schuster. Paperback. Book Condition: New. Paperback. 688 pages. Dimensions: 9.1in. x 6.2in. x 1.8in.If you care about the education of a child, you need this book. Comprehensive and easy to use, it will inform, empower, and encourage you. Just as William J. Bennetts The Book of Virtues has helped millions of Americans teach young people about character, The Educated Child delivers what you need to take control. With coauthors Chester E. Finn, Jr. , and John T. E. Cribb, Jr. , former Secretary of Education Bennett provides the indispensable guide. Championing a clear back-to-basics curriculum that will resonate with parents and teachers tired of fads and jargon, The Educated Child supplies an educational road map from earliest childhood to the threshold of high school. It gives parents hundreds of practical suggestions for helping each child succeed while showing what to look for in a good school and what to watch out for in a weak one. The Educated Child places you squarely at the center of your young ones academic career and takes a no-nonsense view of your responsibilities. It empowers you as mothers and fathers, enabling you to reclaim what has been appropriated by experts and the education establishment. It out-lines questions you will want to ask, then explains the answers -- or non-answers -- you will be given. No longer will you feel powerless before the education system. The tools and advice in this guide put the power where it belongs -- in the hands of those who know and love their children best. Using excerpts from E. D. Hirschs Core Knowledge Sequence, The Educated Child sets forth a state-of-the art curriculum from kindergarten through eighth grade that you can use to monitor what is and isnt being taught in your school. It outlines how you...
