Astral International, India, 2015. Hardback. Book Condition: New. 256 x 134 mm. Language: English . Brand New Book ***** Print on Demand *****.The Telangana State has been intensively explored by the author and his scholars for plant wealth during the last 30 years. All the herbaria in India have been consulted for the specimens of Telangana. The first volume include Introduction, Topography and general features, Forests and Vegetation, Past and Present work, Key to the families and systematic enumeration families Ranunculaceae to Alangiaceae. The second volume includes families Rubiaceae to Ceratophyllaceae and Third volume Monocotyledons. Bentham and Hooker s system of classification has been followed in the enumeration of families with certain exceptions to accommodate recent changes. A dichotomous indented key is given for families, genera and species. A total of 1945 taxa belonging to 1891 species, under 794 genera and 147 families have been enumerated. Under each family key to the genera followed by the genus with its authority, key to the species, followed by species enumeration. The enumeration of species included the complete citation according to ICN, basionym, if any, synonyms to connect Flora of British India, Flora of Presidency of Madras and Flora of former Andhra Pradesh. It is followed by detailed description, distribution in the state, flowering and fruiting period, vernacular names and specimens examined. References, Index to families, genera and species are given at the end.
