Reviews

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

GOGAMES OPTICAL ILLUSIONS

Imagine Publishing. Paperback. Book Condition: New. Paperback. 288 pages. Dimensions: 7.4in. x 5.0in. x 0.9in. Whats real Whats not Reality is strangeand seeing isnt believing. When you look at an optical illusion, your brain tries to fool your eyes and what you expect to find on the page isnt whats there. Apart from being both endlessly fascinating and awe-inspiring visually, these illusions also force viewers to go outside their comfort zones, challenge the nature of perception, and think creatively. Their minds have to work overtime to become more flexible. Thats what makes these 240 puzzles, ranging from simple scintillation effects to impossible staircases and concealed creatures, so absolutely addictive. See how Santa measures up to his helper; the scale doesnt seem to be telling the truth! Compare two lines: one seems longer, but cant that really be true Look at a triangular sculpture and figure out if its impossible. Move a picture from side to side and watch it spin. Try to remove a magic glass from the plate, count the number of Fs in a line (but only read it once!), and locate the main subject in the masterpiece Las Meninas, painted by the artist Diego Velazquez. This collection of illusions will enable you to experience the impossible and marvel at the miraculous. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
